

Urology

Code	Service name	price in dollars	PROCEDURE
990160	Nephrectomy, including incomplete ureterectomy, by any method, including removal of the kidney	3855	Nephrectomi
990200	Removal of part of the prostate	1687	Transvrecthal-Resection of prostac
500640	Cystourethroscopy with ureteroscopy (ureter); with treatment of ureteral stricture or with treatment of ureteropelvic or intrarenal stricture (e.g., balloon dilatation, laser, electrocautery, and incision)	1687	Ureteral stricture
501350	Prostatectomy; suprapubic, or retropubic, complete or semi-complete, one or two stages, including postoperative bleeding control during the first hospitalization, complete (includes vasectomy, mesothelioma, urethral calibration or dilatation, and internal urethrotomy)	3133	prostatectomy
501350	Prostatectomy; suprapubic, or retropubic, complete or semi-complete, one or two stages, including postoperative bleeding control during the first hospitalization, complete (includes vasectomy, mesothelioma, urethral calibration or dilatation, and internal urethrotomy)	3133	prostatectomy
500342	Endoscopic suprapubic bladder stone breaking or removal (PCCL)	1687	Removing bladder stones
500635	Cystoureteroscopy (including ureteral catheterization); by injecting materials under the ureter or by placing a permanent ureteral stent (for example, Gibbons or double-J type)	964	cystoscopy
500186	The operation to remove or break the ureteral stone using the TUL method includes cystoscopy, DJ insertion, and breaking the stone using any method.	1928	Transurethral
500060	Kidney stone removal surgery	2410	percutaneous nephrolithotomy
500410	Bladder removal	2892	cy stectomy
50636	Ureteral stent placement	964	Double j
501351	Transurethral resection of the prostate (TURP)	2651	Transurethral Resection of prostate

ENT

Code	Service name	price in dollars	PROCEDURE
400430	Excision or destruction of the lingual tonsil, by any method (independent procedure)	1205	Adenoidectpmy
300070	Septorhinoplasty	1687	septorhinoplasty
300065	Primary rhinoplasty	1687	Rhinoplasty

Obstetrics Gynecology

Code	Service name	price in dollars	PROCEDURE
502170	Routine obstetric care, including antenatal, cesarean delivery, and post-cesarean care	1446	Cesarean
502170	Routine obstetric care, including antenatal, cesarean delivery, and post-cesarean care	1687	Cesarean of twins

502170	Bartholin cyst excision	1349	Bartholins cyst
501475	Bartholin cyst excision	723	Hymenectomy
501465	Hymenectomy	1687	Myomectomy
501800	Myomectomy: Excision of uterine fibroid tumors, with any number of intramural myomas, of any weight, through the abdomen.	2892	Hysterectomy
501815	Total hysterectomy through the abdomen, with or without removal of the tubes or ovaries; with colpourethrocytopexy (Burch)	3373	Hysterectomy Laparoscopy
501955	Tubal ligation (women)	723	Tubal li gation
501930	Diagnostic hysteroscopy (stand-alone procedure)	964	Drinage curettage
501930	Diagnostic hysteroscopy (stand-alone procedure)	867	Diagnestic curettage
501832	Laparoscopic surgery for advanced endometriosis (DIE) includes release of the ureter, uterus, bladder, ovaries, and sacral nerve, and cauterization of all endometriosis sites, and release and removal of endometriotic cysts with or without bowel release.	3614	Medical laparoscopy
990415	Cervical cerclage, non-obstetric	964	Cerclage
501610	Posterior colporrhaphy (compartment repair) Rectocele repair with or without perineural repair	964	Netoge repir
502155	Routine obstetric care, including prenatal and postpartum care, vaginal delivery (with or without episiotomy or without forceps and vacuum) by any method	964	Natural childhood
990230	Ovarian biopsy or wedge resection or two-piece ovarian resection or ovarian cystectomy or partial or complete, unilateral or bilateral oophorectomy for benign cases	1928	Ovarian cystectomy
501610	Posterior colporrhaphy (compartment repair) Rectocele repair with or without perineural repair	964	Anterior and posenor vaginal wall repair

General Surgery

Code	Service name	price in dollars	PROCEDURE
402145	Repair of umbilical hernia	1,928	Umbilical hernia
990005	Excision of a pilonidal cyst or sinus; simple, extensive, or complicated	1,349	Pineoidal sinus
400770	Total gastrectomy and reconstruction with various methods	4,096	gasterectomy
990130	Cholecystectomy with or without cholangiography with or without choledochal exploration with or without choledochenterostomy	1,928	cholecystectomy gallbladder surgery
400845	Gastric volume restriction surgery, with gastric bypass for morbid obesity; with short-arm (less than 100 cm) gastroenterostomy to reduce absorption (pancreatic bile duct reversal, with duodenal switch)	2,651	gastnc bypass
400965	Colectomy, total, abdominal, without proctectomy; with ileostomy or ileoproctostomy	4,096	colectomy
401650	Hemorrhoidopexy (e.g. for prolapsed internal hemorrhoids)	1,928	hemorrhoidectomy
200495+200405	Reconstruction of the ramus or trunk of the mandible, unilateral or bilateral sagittal splint; no internal rigid fixation + midface reconstruction (LeFort I); one piece, two pieces or three pieces, piece transfer in any direction (e.g. long face syndrome) without bone graft	2,892	orthog nathic surgery

200500	Reconstruction of the ramus or trunk of the mandible, unilateral or bilateral sagittal splint; with internal rigid fixation	1,928	lower jam orthogan
200410	LeFort I midface reconstruction; one piece, two pieces, or three pieces, piece transfer in any direction (e.g., long face syndrome) with any number of bone grafts	1,687	upper jam orthogan
200365	Repair with autograft, allograft or prosthesis	964	Genioplasty

Orthopedics

Code	Service name	price in dollars	PROCEDURE
204830	Knee arthroscopy, surgery, autograft (osteochondral hyphae (mosaicplasty) (including autograft culture)	3133	Arthroscopy
203385	Total knee arthroplasty with or without patellar reconstruction	3373	Total knee arthroscopy
204890	Internal or external meniscus repair	2169	Meniscetamy
204920	Arthroscopy-assisted repair, reinforcement, or reconstruction of the anterior cruciate ligament	2651	Anterior cruciate
203385	Total knee arthroplasty with or without patellar reconstruction	3373	total kneearthorscopy
204890+204920	Repair of cartilage and meniscus abrasion	3855	meniscscus
200108	Removal of any small prosthesis (pin)	1446	pin excision
203050+203025	Hip joint replacement	3855	total hip repla cement
202325	Nerve numbness in one hand at the wrist	1205	carpal tunel syndrome one hand
202325+202325	Bilateral nerve numbness in the wrist	1446	carpal tunel syndrome two hand

Neurosurgery

Code	Service name	price in dollars	PROCEDURE
201157	Lamina removal	3614	laminectomy
601040+601035	Lumbar disc repair	3133	lumbar disc surgery
601040+601035	Cervical disc repair	3614	cervical disc surgery

Unit

Code	Service name	price in dollars	PROCEDURE
-	General observation ward	482	common unit
-	Intensive care unit	1446	Intensiv care unit
-	Coronary care unit	964	coronary care unit

-	Neonatal intensive care unit	1446	neonatal intensive unit
-	Normal neonatal care unit	337	post neonatal Intensive unit
